

# Sports Medicine - Athletic Trainer I

Rev. 1.18.2025

Sports Medicine - Athletic Trainer I is an exciting, growing field with employment opportunities in athletic training, sports medicine, and physical therapy. Instruction encompasses the study of Anatomy, Physiology, Nutrition, Biology and Kinesiology to understand the aspects of the field. Students are introduced to associated medical terminology and the practice of classification and assessment of injuries. Through work-based learning placements, students apply skills learned in class to the prevention of injuries, the understanding of human body modalities and rehabilitation, the procedures of training rooms and the safety factors related to sports medicine. To learn more about this course see our course catalog or visit our website at [www.tvrop.org](http://www.tvrop.org)

Work-Based Learning: Community Classroom (unpaid) Internship, outside of the school day, is a required component of the program and students must provide their own transportation as necessary.

Students can earn. . .

- 10 high school credits
- 4 potential college credits
- UC a-g "g" approval (College-Preparatory Elective)
- CPR Certification
