

Developmental Psychology of Children II

Rev. 3.3.2021

This is an advanced course in child development and education. Students increase their knowledge, experience, and job skills at an internship placement. Advanced projects further develop skills. Students will focus on: observation of children and programs; communicating with children, staff, and parents; planning age-appropriate curriculum; and understanding the history, theories, philosophies, and legal aspects of careers related to children.

Internship: Internship is a required component of the program and students must provide their own transportation. Students in an after-school paid internship may earn up to five additional credits per high school semester or trimester. To learn more about this course see our course catalog or visit our website at www.tvrop.org

Students can earn. . .

- 20 high school credits
- 6 transferable college credits available
- UC a-g “g” approval (College-Preparatory Elective)
- California Commission on Teacher Credentialing (CCTC), Early Childhood Assistant, and CPR Certification
